

Submitter: Howard Ostby

On Behalf Of: Family and neighbors in NE Oregon

Committee: Senate Committee On Veterans, Emergency Management, Federal
and World Affairs

Measure: SB1548

Daylight Savings Time would be terrible for our teenage kids. Difficult enough to get up in the dark with standard time in the winter. If Daylight Savings Time was year round the sun would come up an hour later! Our kids' mental health and safety would suffer. Do something for us. Please make Standard Time year round. Thank you.
