Measure: SB1548

Dear members of the Senate Committee on Veterans, Emergency Management, Federal and World Affairs: I do not support any further action of SB 1548. For one thing, this bill is not a high priority and should not even be taking up your time in this short legislative session. Second, Oregon should be consistent with its neighbor to the north, as far as the time. There are too many people commuting between Oregon and Washington, for each state to be in a different time zone. Third, it would be better to have year round Daylight Savings Time, than be on Standard Time year round. Thank you for your work, but this bill should not be taking up your time this session.
