

Submitter: Clair Klock

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB1530

Chair Jama, Vice chair Anderson and member of the committee

I'm Clair Klock from Corbett. OR. My wife Beverly and I support SB1530. While it doesn't protect farmland as much as we like, it is a compromise we can live with. Once farm and forest land is paved over, it is gone.

Thank you for your work on the committee and in the legislature,

Clair and Beverly Klock
