

Submitter: Lindsey Marsh

On Behalf  
Of:

Committee: Senate Committee On Veterans, Emergency Management, Federal  
and World Affairs

Measure: SB1548

Please do not pass this bill. Oregon already agreed to permanently switch to daylight savings time, not standard time. On occasion, my job requires that I work and accommodate east coast time and making Oregon four hours behind the east coast is unreasonable. Moreover, having darker nights during the summertime is depressing. Do not switch to standard when Oregon already agreed to daylight savings.
