Measure: SB1548

I'm writing in strong opposition of permanent Standard Time. Please honor the 2019 vote to enact permanent Daylight Savings Time.

People everywhere are negatively affected by the bi-annual changing of the clocks, human-caused errors like car accidents increase. While I support changing the system for a permanent time year round, I do not support it being Standard Time, and this goes against what people voted for.

Living this far north with dwindling daylight in the wintertime, Standard Time exacerbates the issue by enacting a time standard that results in sunset at 4:30pm during the darkest time of the year. I am in strong opposition to Standard Time and would like this session to honor the people's choice of permanent DAYLIGHT SAVING time year round. Thank you.
