83rd LEGISLATIVE ASSEMBLY
SENATE INTERIM COMMITTEE ON COMMERCE AND GENERAL GOVERNMENT

State Capitol
900 Court St. NE
Salem, OR 97301
503-986-1286

Date January 12, 2026

To Members of the Senate Interim Committee on Commerce and General Government

From Melissa Leoni, Analyst

RE Committee drafts for introduction on January 13, 2026

LC 130 extends the Prosperity 10,000 Program. It permits the Higher Education Coordinating Commission to continue distributing funds appropriated to the program for specified purposes. It requires local workforce development boards, in administering the program, to pursue and advance local workforce development strategies that are consistent with and responsive to critical workforce shortages and strategic workforce opportunities identified in their plans. It sets funding considerations for the distribution of program funds by local boards and modifies other elements of the program.

LC 294 provides that real estate teams are not required to change terms used in the team's name until July 1, 2027. It also declares an emergency and is effective on passage.

LC 296 repeals the statute enacted by House Bill 3115 (2021) that requires local laws on outdoor public spaces be objectively reasonable with regards to persons experiencing homelessness. It declares an emergency and is effective on passage.
