

# **Family First Prevention Act and Oregon's Title IV-E Prevention Plan submission**

Mary Geelan | Family First Program Manager, Child Welfare

Jan. 14, 2026

# Agenda

---

1. Background
2. Funding considerations
3. Current prevention plan
4. Outcomes
5. Proposed new plan
6. Next steps
7. Q+A

# Every child deserves to be safe

---

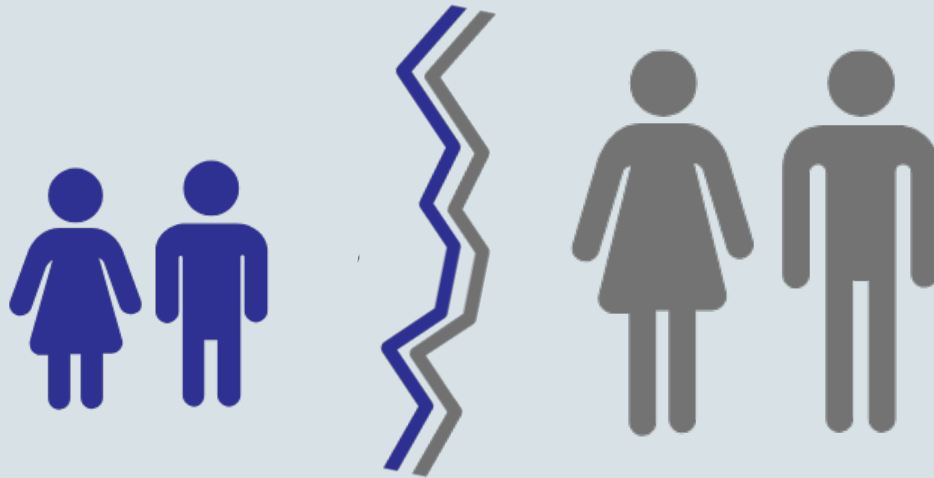

Children do best when they can remain safely with their families.

Keeping kids safe and preventing family separation are core values of the Oregon Department of Human Services.

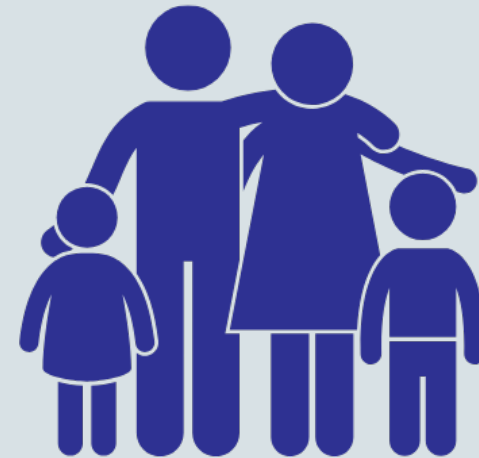

# Background: Family First Prevention Services Act

---

**Before:** Funding only to support child removed from family home.

**After:** Funding to support services, prevent foster care and keep families together.

# Funding to support prevention services

---

Title IV-E Prevention is a **funding stream** for eligible prevention services.

It supports the work being done to **help families and prevent foster care** across multiple agencies.

Family First broadens supports for Oregon's children and families by **expanding prevention services** that already exist in the state.

# Funding considerations: Federal reimbursement

---

## Uncapped Federal Match

50% Administrative costs

50% Training costs

FMAP Rate (about 60%) –  
Service costs

- Ensures Oregon can maximize federal dollars and **expand prevention services** statewide.
- Creates a **sustainable funding** model that strengthens families and reduces foster care entries.

# Funding considerations: Service categories

---

**Must be evidence based** and approved by the Federal Title IV-E Prevention Services Clearinghouse or approved Tribal-based practices.

Mental health

Substance use

Parenting

navigation

# Background: Family First Prevention Services Act

---

## Eligibility

- Children at imminent risk of entering foster care
- Youth in foster care who are pregnant or parenting
- Parents and kin caregivers of children noted above
- No income standards are attached to eligibility

## Requirements

Statewide five-year Title IV-E Prevention Plan approved by the Children's Bureau that meets all federal requirements

# Oregon's 2020-2025 Family First Prevention Plan

---

**States and Tribal IV-E agencies are required to submit a five-year prevention plan to receive funding.**

**Oregon's first plan was approved on April 1, 2021.**

## **Eligible children and families**

- Involved with Child Welfare; but
- Children remain in home with parents/kin caregivers

## **Eligible services**

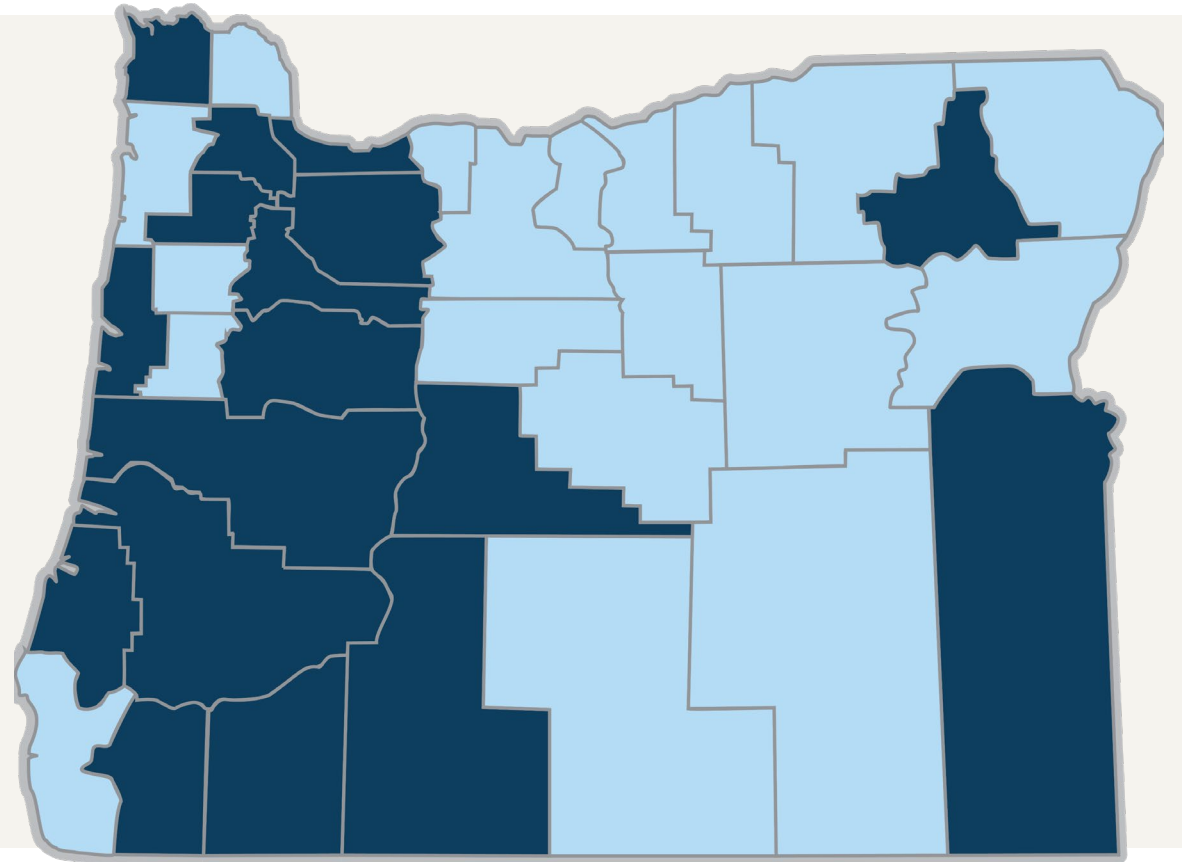

- Parents as teachers
- Functional family therapy
- Parent child interaction therapy
- Motivational interviewing

# Progress to Date

---

- Family First Prevention Services available in 17 counties in Oregon
- Oregon Kinship Navigator services available statewide
- \$18 million in Federal Funds invested in Prevention Services in Oregon 2023-2026
- Child and family outcomes evaluation start in 2026

Counties with Family First services

# Next Steps

---

Negotiate next Oregon Title IV-E Prevention Plan 2026-2031

Continue implementation of the current Prevention Plan

Launch evaluation and continuous quality improvement of prevention services

Expand capacity to claim Title IV-E Prevention funding for services and case management

# Closing

---

## The Family First Prevention Act helps us:

- Build community capacity across Oregon
- Keep children safe
- Keep children with their families
