I oppose any of the raising of taxes, raising of fees or any new charges to we the people. We already voted it down during the session and for this special session to try to pass more increases to us is not what we want. Me as a business if I am failing I have to go back and figure out where I need to make cuts and a lot of times I have to take in more work and cut positions. Do not raise more onto us, no new increases.
