Public Hearing on Governor's Transportation Proposal

August 25, 2025

Dear Committee Members,

My name is Ruby Prowell, and I am submitting testimony today as a concerned resident who opposes the Governor's transportation proposal.

I believe that our state already has dedicated funding for transportation needs. However, instead of being used responsibly for infrastructure, maintenance, and transit improvements, these funds are being diverted elsewhere. It is deeply concerning to see transportation dollars redirected toward programs unrelated to transportation—particularly for funding illegal immigration initiatives.

Our roads, bridges, and transit systems are essential to residents' daily lives and safety. Taxpayers expect and deserve that transportation funds are used solely for transportation purposes. Misallocating these resources undermines public trust, strains budgets, and leaves critical infrastructure projects underfunded.

I urge this committee to reject the Governor's current proposal and insist that existing transportation funds be used for their intended purpose: ensuring safe, efficient, and reliable transportation for the people of our state.

Thank you for your time and for considering my testimony.

Respectfully,

Ruby Prowell

Sutherlin, OR 97479
