Committee: Joint Interim Committee On Transportation
Funding
Measure, Appointment or LC 2
Topic:

Please vote no on new fees and taxes for ODOT. As a lifelong Oregonian, I am appalled at the continued mismanagement of funds and the continual grab for more of our hard earned money. Please do not raise more money for ODOT. Please use what you already have for maintenance, not more management jobs. Please conduct an audit of ODOT to better appropriate existing funds. You have the money, please use it more wisely and respect the taxpayers. For the first time in our over 50 years as Oregonians, we begin to consider leaving the state. You must stop raising taxes!

Thank you.
