Dear Legislators,

My name is Michael and I moved to Oregon seven years ago. I was fortunate enough to be able to choose where I moved to when I came here. Every year I have lived in the state the costs for everything have gone up but my services provided have gone down. I can also see our government services are poorly run and wasteful at best. I cannot afford the tax increases you propose and my small business cannot afford it either. I suggest actually fixing the issues with your agencies before more of the tax base leaves.
