Committee:	Joint Interim Committee On Transportation Funding
Measure, Appointment or Topic:	LC 2

I am against any new taxes. First you encouraged people to buy EV's and hybrids and now you want to tax every mile used. Where do all the property taxes go? I sure do not see any roads in my area being maintained.

I am 78 years old and over 1600.00 is going for schools and I do not have any children. There is nothing to help the seniors with the constant raising of our property taxes, food and utilities.
