Measure, Appointment or
Topic: LC 2

Oregon has been progressively been going down hill. It's become more difficult to live here because of the poor leadership. Rather than raising taxes and placing more regulations on the citizens, it's time for our leaders to figure out how to spend less and regulate less. It's a no brainer. The citizens deserve better.

No New Taxes

Tax Citizens Less

No New Regulations

Eliminate Regulations that hurt our economy.
