Funding

Measure, Appointment or
Topic: LC 2

My wife, Lori McGrath, and I are retirees and live on a small fixed budget. Every tax increase reduces our ability live, with these proposed increases hitting extremely hard and unnecessary. The Oregon legislature and the Governor need have an independent audit, similiar to DOGE, done of all expenditures cut all unnecessary costs and strea.line state jobs to necessary only before we will every support a tax increase of any kind. Stop trying to take more of our limited money and tighten the Oregon belt a few notches.
