Topic: LC 2

Our family simply cannot afford to pay more than what we're paying. The cost of living in Oregon has gone up drastically, and our paychecks have not followed. I feel if you look at your current budget, there's areas that you can cut back, one being your DEI training it's not needed. Secondly, ODOT farmers out half their work. Have them do it themselves. It's easy for you to say let's just raise this and raise that because you have money, millions of dollars and those of us that struggle from paycheck to paycheck can simply not afford to pay more. NO MORE!!!!
