NO More Taxes! ODOT does not get a dime more until they 'discover' where the billion dollars disappearance went that they cannot explain! Did it go into bureaucrats pockets or hidden bank accounts. You simply do not 'lose' 1 billion dollars! And more taxes mean more businesses will leave this state. Increasing gas tax will also drive many out of Oregon. How about cutting the free flowing monies that go to illegals, how about stop being a sanctuary state? NO MORE TAX INCREASES period! It is hard enough for two wage families to get by the way it is and more taxes harm seniors and veterans. Start cutting waste. Find the billion, fire the ones who have no idea and then investigate them immediately!

Enough is Enough!!
