This state has enough money and we don't need to lay off anyone. Plus I know that this money you say is for DOT is not for DOT you will spend it somewhere else like always. So do us Oregonians a favor and think about us for a change. And don't raise taxes. The gas prices need to go down not up. And stop taxing our pay checks. All I got to say is you really don't want reelected this next year if you vote this through. We don't need an award for being the state no one can live in because we can not afford it. So stop threatening us and stop the tax hikes. Thank you Darlene
