To the Joint Interim Committee,

I am on a very tight fixed income. As a fairly new retiree, I am making less money now than I did when working. I am dealing with an autoimmune disease that won't allow me to work. My husband is in the same situation. He is in remission with multiple myeloma, and recently survived Legionnaire's disease. He is not able to do work of any kind to supplement our income.

We cannot afford ANY more Oregon taxes and fees. We are stretched to the max with our combined incomes. It is frustrating to read and see that this legislation isn't necessary. Both parties working together CAN avoid this, and also stop the layoffs in ODOT. In this time in our state, we need to focus on what MUST be done for the betterment of all. Governor Kotek isn't working with the Republicans. She isn't doing what's best for Oregon. PLEASE DO NOT ALLOW this poorly crafted legislation to pass. Oregon is losing too many businesses and people. We can't afford ANY MORE TAXES!!
