To the Joint Interim Committee on Transportation Funding:

Honorable legislators, it is past time for you to really listen to your constituents. No new taxes! We cannot afford them. It is your job to find ways to make ODOT funding both more transparent and more focused on the core mission of maintaining roads and bridges. The money is there to do that, as well as avoid the layoffs that are being threatened, and all without raising taxes and fees. The Republicans had a plan to do just that but couldn't get a hearing on their proposal. In these days when many Oregon families of all political persuasions are having trouble making ends meet, it is your responsibility to make sure the state lives within its means without asking citizens for more.

Very sincerely,
Roger Payne
