Some of the highest gas prices in the Great USA, high gas taxes already, high cost of living in our Great state! Tighten your belt like the rest of must do in these times. Cut some from all state budgets to help ODOT at this time, so they don't carry the whole shortfall burdin. Lay off from the top next time, budget will always balance that way! Stay out of kicker funds, that is not free money for the governor to play with.

NO MORE NEW TAXES ON FUEL, CLEAN
UP YOUR MESS WITH AVAILABLE FUNDS, AND REMEMBER WE ALL VOTE!

Give us a plan we can all be
proud of, Thanks
