I strongly oppose this legislation as a disabled senior I can't afford any more taxes! I have to live with in a budget but it seems that the state government cannot. Audit Odot clean up the waste. It seems like the governor's answer to everything is tax tax tax!!! I as well as thousands of my fellow Oregonians are tired feed up with paying more and more taxes and getting the same results. Fix the problems audit Odot Now!! Not maybe later. No more gas taxes and higher DMV fees!!!
