To whom it may concern,

I am a resident of Molalla, Oregon, a disabled veteran on a fixed income. I do not want more taxes, increases on registrations, and titles. I feel that Governor Kotex is trying to take our right to vote on raising gas taxes. To get me to my appointments to portland VA it cost me 80 to fill my tank at current prices. I cant afford more. What the Governor is proposing is going to make more homeless people in oregon. We as Oregonians have to make over 100,000 or more to even own a home. I rent a 2 bedroom apartment at 53 yes old I should be abl to have my own home. Taxing Oregonians to death and add way more fees isn't the answer. There needs to be an audit of the already funds we have and replicate the money we already have. That's what regular people and businesses have to due when they fall short. Why shouldn't ODOT and the oregon government have to do the same. Do you also know how many people are speeding down our highways and roads. I would add to the cost of speeding and traffic violations use the increase for ODOT. Just a suggestion. NO MORE TAXES, SAVE OREGONIANS RIGHT TO VOTE FOR INCREASED TAXES AND FEES.
