To whom it may concern, I worked for 48 years never missing paying taxes. I am now retired and living on a fixed social security monthly income that is only 33 percent of my working wages and can't afford more taxes and DMV fees that take away from my social security. I believe that ODOT needs to be accountable for not having a treasurer that can be fiscally responsible. Furthermore, the fact the the so called govenor can't balance a State budget herself should not cost Oregonians who have been responsible and already paying taxes.

Now she wants to play the blame game because she only supports special interest groups as well as immigrants who committed a crime entering this Country illegally. If she wants to back transgender and illegals instead of honest hard working Oregonians then she should pony up the money out of her bank account, not ours. Please do not allow her to and the biased legislators to hurt us any more.

Sincerely,  
Mike Nielsen
