I'm a native Oregonian and these tax hikes are insane. In a small family budget one would hold off from having such a massive spending spree since one cannot afford it. But for some reason because it's Oregon they think they can keep spending. We cannot afford it. Stop spending. Democrat spending is out of control. There's nothing to show for much of the tax payer money. Get your budget straight with what you have. The working class Oregonians aren't your free ride to do what you want while governing Oregon. Major corporations are leaving because of more taxes. That only hurts Oregonians. Unemployment is up. Kotek blames Trump. Ma'am learn how to budget Oregon before you ask for more money. I'm totally opposed to more taxes. No more taxes!
