This is absolutely ridiculous to me! All while stating that the state of Oregon is a sanctuary state! This will hit people hard, people that are already struggling! I'm sorry you spent the money that was allocated for these things and what about the lottery money and the marijuana money all to go for these things that you now want add more tax and make fees higher. I really try to be patient with other peoples opinions, but I am just dumbfounded at the people that vote for these lunatics.
