Measure, Appointment or  
Topic: LC 2

I am a retired Oregon R.N. own my home. My fixed income, will not handle anymore taxes, gas tax alone will make me unable to visit family in Cedar mill, I live in Astoria, I drive a 19 year old car, if something were to happen who can even afford a used car. Grocery prices now are too high, then pass on gas taxes to truckers, just insane. please please do not do this. It harms everyone, the wealthy, can survive, companies are leaving, small business's closing. We can't do this.
