I am writing this on behalf of all those barely making ends meet. As a 6th generation Oregonian, I cannot believe how expensive it is to live in Oregon. Additional gas tax and vehicle fees will just add insult to injury. My son and his wife are struggling to pay rent and expensive utilities as is. They just had their vehicle break down tonight and cannot even afford the repair bill. Please stop adding fees and taxes. You are killing people, especially the young people just trying to get going.
