Miss Kotek

Your proposal for higher taxes is an abomination against the voters of Oregon.

Shame on you. We cannot afford this. You are only interested in keeping your power base, and DEI, as well as giving our tax monies to illegal people in this state. I wish I could live as well on my tax dollars as those illegals are. It's not right. Please, for all that is good and right stop with the horrible tax increases.

I have signed the petition get you out by recall. You are not good for we, the Oregon people.
