People in Oregon are already struggling just to pay their bills. Rent in Oregon has quadrupled in the last 5 years; homelessness is rampant with barely any resources. Families are already working 2 to 3 jobs and a side hustle just to put food on their table.. how do you justify this Ludacris proposal. May the anguish., stressors and poverty be upon YOUR HEAD for ANY harms you'd willfully cause on the Oregon people!!! May the longevity of my curse, consume YOUR household to the 10th generation, executing disaster, heartache, and absolute brokenness. Be thou ever watching Div-e-sepid, asmodeus, and Azarak. Thus mote it be. ??????
