Oregon tax and spend Democrats just don't stop. They failed to get over \$14 Billion, then \$11 Billion so now they just want a small gas tax increase. With all of the other tax increases they don't want to talk about it's \$5.7 Billion dollars. Ask Democrats how many Millions are they spending on Illegals. How many millions are being spent on DEI. The state ratio of employees to citizens is one of the highest in the nation. Ask why they don't address that. ODOT has blown millions on failed projects. Ask why no one is held accountable. Every week it seems we hear about another agency failure where millions are wasted. Yet Democrats do nothing but say they need more money. Oregon's in a real mess with some of the highest taxes in the nation. People and businesses are leaving the state. Democrats answer, more taxes, ODOT maintenance should be the real priority and money is there. It just needs a rule change to allow it. This bill needs to go down and Democrats need to start working across the aisle for all Oregonians, not just the Portland area liberals.
