This is insanity. My family cannot afford these egregious tax hikes. I have to work 20 plus hours of overtime a week to just have extra \$ for unforeseen costs. Now I'll have to work that just to pay my bills. Nobody wants this. Please do not do this. My children and future generations will only suffer. This will continue to destroy the working class' ability to afford a comfortable living, that which we already barely have because of your dumb politics. Do the right thing and don't pass this!
