No more taxes!

As a retired Oregonian who has lived in this state over 50 years, we cannot afford to be taxed any more to cover blunders and mistakes made in Salem. We worked hard in this state and now our retirement money is hardly enough to cover monthly expenses. We are using savings just to meet rising costs, and those keep increasing. Get back to the table and figure out other ways to cut unnecessary spending in order to meet expenses that are truly needed. Oregon needs to do a better job managing a budget that is fair for all citizens. Cut wasteful spending and do the job Oregonians expect of you. No increase in taxes!
