As I understand, this all stems from Kotek refusing to obey Trumps orders on illegal immigration, so she sacrificed the 15billion dollars in federal funding the state of Oregon would have received. She must cover the loss by increased taxation and new taxation. I SAY ENOUGH!!! OREGONIANS MUST TELL THE "GOVERNOR" NO ON ANYMORE COST OF LIVING INCREASE! IF SHE REFUSES TO LISTEN TO WE, THE PEOPLE, THEN SHE MUST BE REMOVED FROM OFFICE IMMEDIATELY!

We need to ask ourselves why the mass migration out of our state? Then, more importantly, who's going to pay all the taxes when the tax payers leave? What Kotek is doing is NOT SUSTAINABLE!

I'm finished, never done this sort of thing before, hope I did it right?
