I do not agree with this... All taxes (initial, additional, & incremental/increases) shall be an 80/20 vote, not to be decided by a single person....

(Where did All the budgeted long-term federal & state odot money go... (Special/pet projects maybe)....

Monies were budgeted incrementally, for long-term maintenance on Bridges & the like... & Supposed to be put aside and not touched, because it would be needed in the 5, 10, or 20+ years when that maintenance would be required....

We voted that no person can increase taxes... they can propose the increase which would only be implemented after a favorable 80/20 vote/decision
