This is outrageous! People can't live anymore as it is and now we are wanting to raise tax once again? And for what exactly? Nothing because it never goes where they say it will. As it sits my family brings in a generous, or should be generous income, but we only see about half of what we actually make which puts us in essentially poverty. So people grossing a 1/3 let's say of what we do can't even feed their kids as it is and now you want to take more from them. The insanity of this! I vote HELL NO! And most of us in this town will say the same. Stop taking our money.
