I am in vehement OPPOSITION TO ANY AND ALL INCREASES IN DMV FEES  
AND/OR TAXES!!!

Calling a special session for the above proposals when the last legislative session  
overwhelmingly rejected them is further proof that our governor is sorely out of touch  
with her constituents!!!

Oregonians are already overwhelmed by taxes and haemorrhaging financially due to  
the state's high rates and lack of fiscal responsibility, especially concerning Metro  
and ODOT!! Why lay off the workers and keep high paid administrators??

No to any increases in fees and taxes!!!
