

Submitter: Robert Jordan  
On Behalf Of: All Retired Oregonians  
Committee: Joint Interim Committee On Transportation  
Funding  
Measure, Appointment or LC 2  
Topic:  
Oregon Legislators:

I respectfully and strongly urge the Oregon legislature to kill the proposed transportation funding package.

Retired Oregonians can not afford the onerous gas tax increases, and all the fee increases related to registering and licensing a personal transportation vehicle.

Oregon needs to learn how to cut spending, not increase taxes and fees.

Thank you for your consideration of this view.
