Dear Governor & Oregon Legislation members,

Please don't vote for this bill that will hurt Oregonians. I know we have major issues in ODOT but taxing the crap out of Oregonians will not fix the issues. We need leadership to stand up and go through the problems and figure out why the money is being so mismanaged and then work on a solution that doesn't hurt Oregonians so much financially.

I was born and raised in this wonderful state, I want what's best for the state of Oregon and this bill will not help Oregon.

Thank you,

Anne Krahmer-Steinkamp
