Funding

Measure, Appointment or
Topic: LC 2

My wife and I live in Lake Oswego. We are deeply concerned about the transportation tax bill. Our family like others are already stretched to the bone. additional taxes and fees would make daily life unaffordable. I think like other families in Oregon ODOT must be able to tighten its belt also. you can,t tell me there are not areas to cut. Please consider alternatives that do not financially punish Oregonians.

Sincerely

Richard Akerman
