Measure, Appointment or Topic: LC 2

Please DO NOT raise the prices of car titles! It already costs \$211 every 2 years on my 25 year old Honda car! We are on a fixed income and its already hard to pay the \$211 every 2 years.

Please do not raise gas prices! They are already ridiculous in Oregon. People in Texas are paying around \$2.50 a gallon and we pay over \$4 a gallon. Why? That is a big cost for people on a fixed income. Please think about those of us who don't have extra money to waste. It takes away from our grocery budget. Its already all we can do to live paycheck to paycheck each month.

Please think about the Senior Citizens of Oregon.

Thank you,
Jennifer Backstrand
