I reside in Eugene. I have been retired for 2 years. I am VERY concerned about the transportation tax bill. As a retiree, I am on a fixed income. Additional taxes will create a substantial financial burden and make daily life unaffordable. I budget carefully for my family. In the same light, ODOT must learn how to reign in spending. The solution to a shortfall can not always be to raise taxes. ODOT needs to prioritize keeping Oregonians safe on the road and be willing to wisely constrain spending. Please consider alternatives that accomplish this without financially punishing Oregon families.

Thank you..
