The people of Oregon can NOT afford a rise in taxes! Our housing and rental home costs are already so high and unaffordable. We pay more in gas prices than most of the states. Throw in the higher prices of groceries, it's all most people can do to house and feed themselves. We have so many on assistance because of these factors. People cut their budgets to provide their families with the necessities, and you want more money. Put it to a vote, I'm sure the people would like their voice heard. I vote NO!
