

Submitter: James Molitor

On Behalf Of:

Committee: Joint Interim Committee On Transportation
Funding

Measure, Appointment or
Topic: LC 2

Please vote no on any increases of fees for transportation funding. Oregonians are already taxed to death. You should be looking for ways to decrease spending and stop wasteful spending. Reduce the size of government. Most of the people work hard for the money they have and don't want it wasted on useless projects. Decrease waste and size of government and there will be plenty of money that is needed. Please vote no.
