To the governor who does not care,

The tax paying and law-abiding residence of Oregon, a State you took an oath to govern with the people who work, raise families, obey laws and pay their taxes, being your top priority. YOU HAVE FAILED MISERABLY!!!!!!!!!!

Not only have you ignored time and time again the votes of the people of Oregon, you now are on a mission to do it AGAIN!

You are driving senior citizens out of there life- long homes, the ability to take a drive with our children, the ability to go to the water for the day and float in it! Camping is so expensive now that is not an option, gas is way too expensive and we ALL know it is the fault of state taxes not President Trump, so just quit with that retardation! We are already OVER TAXED!!

We will be leaving the state we were born and raised in, forced to leave our home we broke our backs to buy, in the near future because retiring here is not affordable today let alone with the new taxes you propose and YOU DON'T CARE AT ALL!!

Take a good look around Kotex, this state is a piece of over priced shit and falling apart around you and you DON'T GIVE 2 SHITS. What is wrong with you? These pot hole infested, half assed fixed roads are not just DANGEROUS to drive on they are a complete TRAVESTY! You can fix them and maintain them correctly with the money you already steal from us. For you to think we a dumb enough to believe if you steal more that you will fix the issue is INSULTING! THE JIG IS UP! No more thieving from us, no more sucking us dry! NO MORE!

Your concern with fighting President Trump over protecting law breaking criminal's verses protecting US and doing what is in our best interest is in my opinion absolutely CRIMINAL.

Just like the ass hat before you, you have failed at your duties. You have let down the people of this State for your own greedy gain. You are a disappointment and an embarrassment!

In closing, Kotex, WE THE PEOPLE VOTED FOR NO MORE TAXES! WE THE PEOPLE ARE BEING CHOCKED TO FINANCIAL DEATH WITH YOUR AGENDA. WE THE PEOPLE HAVE HAD ENOUGH!

NO MORE NEW TAXES!!

Signed,
