Hello I'm writing in opposition of this bad tax hike bill. I've lived in Oregon my whole life and for the time in 50 some years I'm having to contemplate moving out of this state I've called my home I can't afford to live here anymore . Seems like every 6 month to a year tops the cost of living rises again and again . I don't understand how your not held accountable to show where the last tax hike went and why it wasn't enough . Everytime we here we just need a little bit more but then in 6 months we here it again just a little bit more. I don't have more as an Oregonian I've given all I can afford . It's time to make do with what you already have taken or make the appropriate cut backs need to keep the budget within your means . Please vote No we can't afford to keep chasing people out of the state and putting the extra costs list on the few that have stayed . Thank you
