This is a wrong thing to do to the people of Oregon. Already burdened with the highest taxes and price of fuels, more reckless spending by poor leaders with no accountability in cutting spending. The highway department buys more new equipment has more deadbeats working and running there departments. Kotex has never solved a state problem with cutting and curbing spending. Always looking for ways to tax little businesses or working public. It has to stop. Wasteful dei spending as well as illegal migrant spending, is rampant and this government has to investigated by outside officials to show the outright corruption. Bring a Doge Team to Oregon and truth will be exposed. No new taxes, for misuse of state funds. Please.
