Measure, Appointment or
Topic: LC 2

ODOT is and has been broken for many years. It is time to call for an audit, NOT time to ask for tax increases on fuel, and to give ODOT an open checkbook on top of that. An increase in fuel taxes and registration fees is a takeaway, and HURTS ALL OREGONIANS.

Tax and spend seems to be the norm in Oregon. It's time to STOP and look at the problems and fix them, not keep looking the other way.

VOTE NO on all new tax increases.
