Committee: Joint Interim Committee On Transportation
Funding

Measure, Appointment or
Topic: LC 2

How rising gas and vehicle fees will affect your family or business.

The importance of maintaining safe roads without unnecessary financial strain.

The need for transparency and responsible budgeting before adding new costs.

Example Written Testimony:

I live in McMinnville and am deeply concerned about the transportation tax bill. I commute to Woodburn weekdays as a teacher. My husband commutes to Salem for work. Gas is already expensive and I am asking that you please not increase gas or vehicle fees. Both my husband and I work hard to provide for our children. We need to keep more of our money, not spend it on the ever increasing cost of everything, but especially the cost of gas and vehicle fees. Please keep gas and vehicle fees low. ODOT should refocus their spending and prioritize keeping Oregonians safe on the road. Please consider alternatives that don't financially punish my family or other Oregonians. Thank you!
