Measure, Appointment or  
Topic: LC 2

I am firmly against adding new taxes for the roads. We pay enough. I run a business ... when I overspend, I need to cut back and focus on what is most important. I think and feel that we pay enough taxes and fees - the state needs to do a better, more efficient, job in spending that money. The state doesn't need more money, they need spend what they have better. Oregon's taxes and fees are already crazy high - WE DON'T NEED MORE!
