Oregon legislature, the only vote for this latest ODOT bill is a HARD NO! Oregonians have had enough! Let's do a forensic financial audit of ODOT and have the results published and transparent! Oregonians can't afford to live in Oregon already...and Tina Kotek wants to squeeze us even more? Who plans an emergency session for Labor Day weekend? Our governor is near the bottom or is the bottom when ranking their performance! She doesn't listen to Oregonians!! New taxes are not the answer! Not at all!!! Let's expose all the corruption so Oregonians know what's really going on!
